Thanksgiving Special - Free Coffee

This months featured coffee is our Tanzania Zanzibar Peaberry with a new roast profile. We normally do a very light roast for this coffee. One of the private label coffee companies we roast for requested a slightly darker roast. We experimented and came up with a nice alternative. It is still light, but on the edge of a medium roast. The difference is striking. We'll refer to this special roast as our Thanksgiving Roast. ***You can't buy it, but we'll give it to you for free!*** Purchase our minimum of 3 bags of coffee and we'll give you a half pound bag for free. Purchase 4 bags and we'll give you a full pound for free. As always, shipping is free too! **This is a newsletter exclusive. It won't appear on our website. You must mention Thanksgiving Special** in the comments section when you order to get your free coffee! Offer expires the day before Thanksgiving.

Free shipping on all orders. [Order Here Today!](#)
