Origin Spotlight - Nicaragua

This months new coffee is our organic and fair trade certified Nicaragua Flor De Jinotega. The Jinotega region produces 65% of the total coffee production of Nicaragua. The climate and the ecological and agricultural conditions make this a very high quality coffee. Therefore Jinotega is the "capital of coffee in Nicaragua". Jinotega coffee is cultivated on the fertile soil in the fresh and densely forested mountains of Nicaragua, at the altitude of about 4000 feet above sea level with temperatures between 65 and 70 degrees an average rainfall of 70 inches per year.
